RecordIAB Handling Instructions

Please read the following instructions before unpacking and using your RecordIAB. Failure to do so may result in the voiding of your warranty.

Do not lift the RecordIAB by the plastic front cover! Always lift the RecordIAB by carefully gripping both sides of the unit.

Check the power supply settings! Before plugging in the RecordIAB for the first time, make sure that the power supply is set to the proper voltage for your country.

Do not subject your RecordIAB to physical punishment such as dropping or bumping!

Do not place heavy objects on top of your RecordIAB!

Do not spill or allow liquids into your RecordIAB!

Do not remove the cover from the RecordIAB! Only authorized VIQ resellers are permitted to service a RecordIAB. Removing the cover from the RecordIAB will automatically void your warranty.

Do not remove the plastic front cover! Removing the plastic cover from the RecordIAB will automatically void your warranty.

Do not use pens, pencils or other objects to operate the touch screen! You should only use your fingers to operate the RecordIAB's touch screen. Using other objects may damage the touch screen and void your warranty.

Only access the RecordIAB's operating system when necessary! Unnecessary tampering with the operating system of the RecordIAB will automatically void your warranty.

For the best performance, VIQ recommends the following microphones:

- Audio-Technica PRO 49Q
- Audio-Technica Cardioid Pro 42
- Shure SM99

Please note, the RecordIAB is an electronic device. Power supplies and other electronic components can pose a risk of physical injury if misused. To reduce this risk, follow all operating instructions and observe all warnings on the product.
